A cow moose, immune under the Maine law, made herself very much at home in a farmer's barnyard at Thorndike, Me., and soon showed such an ungovernable temper that the farmer had to get authority from the game commission to turn her into moose meat, which was sold to a hotel in Bangor.

## 80 Years Old—Attributes Health to Internal Baths

Mrs. D. E. Newcomb, 104 N. 4th avenue, Atkinson, Minn., writes Tyrell's Hygienic Institute of New York as follows:

"My next birthday is July 13th—80 years old. I have used Tyrell's J. B. L. Cascade for more than 20 years. Best and only remedy that brings relief without the use of drugs. My experience proved that it always gave me no danger from it. My ailments were principally Uric Acid, Bismuth, Constipation, etc.

This is by no means an exceptional letter for Tyrell's Hygienic Institute to receive, as there are now over half a million Americans using Dr. Tyrell's "J. B. L. Cascade" with like results.

By the scientific use of Nature's leanness—warm water—it eliminates all poisonous waste from the lower intestine and gives Nature a chance to work unimpeded.

You will be astonished at the difference in your feelings the morning after an internal bath.

The "J. B. L. Cascade" will be shown and explained to you by Fairmont Pharmacy, Fairmont, W. Va., who will also give you free on request an interesting booklet by Dr. Chas. A. Tyrell, "Why Man of Today Is Only 60 per cent Efficient."

Get this booklet and know just why internal bathing is so effective in the promotion of better health.

## WAUGH Praised for HIS GAS BILL FIGHT

## His Work in Its Favor at Charleston Attracts Attention.

CHARLESTON, Feb. 12.—Friends of H. Roy Waugh, prominent attorney and Rotarian of Buckhannon, are showering compliments upon him for the masterly manner in which he piloted the Stepien gas bill safely through the hotel lobbies and cloak rooms, sometimes known as the Scylla and Charybdis of legislation. Once safely past those rocks of destruction and into the hands of the capable floor leader—and in Senator Harvey W. Harmer, of Clarkburg, the Stepien bill had a capable floor leader—legislation that has any merit at all is almost certain of passage.

Past usage of the word has caused many to associate the word "lobbyist" with a mental picture of a gum shoeed gent wearing a slouch hat who sneaks around legislative cloak rooms and hands out unbelievable hunks of gold to unprincipled solons who pledge themselves to frustrate the will of "the great mass of common people." But there are lobbyists for good bills as well as for bad ones; and in this connection, it is only fair to say that those who lobbied here against the Stepien bill, including Richard Elkins, New York, brother of Senator-elect Davis Elkins, Charles W. Swisher, of Parkersburg, Edwin Robinson, of Fairmont, Fred P. Grosscup, of Charleston and Ira E. Robinson, of Grafton, were open and above board in their work.

It was simply a case of the lobbyists presenting their arguments to the senators and delegates, and Mr. Waugh made the best argument. The opposition admits that fact and they, too, are congratulating the Buckhannon man.

While it was the West Virginia Gas Consumers' Association as a whole, backed by public sentiment, that really put the bill over, Mr. Waugh's excellent work should not be overlooked. He has sacrificed many hours of sleep in order to tell some solon from southern West Virginia, who didn't know whether natural gas was a fuel or a food, that the people of northern West Virginia came very near freezing two years ago. However, Mr. Waugh is modestly claiming that he only did his bit and he spends most of his time praising his associates.

A sack of 1,000 silver dollars just delivered to a San Francisco bank has been in the vault of the sub-treasury since the day the coins were minted, October 21, 1891. The bank figures that if the money had been drawing interest from the date it was coined the sack would now be worth \$3,000 instead of \$1,000.

## DRUGGIST BURKE HAS HIGH PRAISE FOR NERV-WORTH

## Has Sold Thousands of Bottles of It and Knows Whereof He Speaks.

No Nerv-Worth agency in the United States, located in a town of less than 4000 people, has surpassed Burke's Drug Store at Clarkburg, W. Va., in sales of that famous family tonic. In the following letter Dr. H. F. Burke, proprietor of H. F. Burke, accounts for those sales and tells of the extraordinary results.

Clarkburg, W. Va., Jan. 24, 1913.

Dr. H. F. Burke, Clarkburg, W. Va.

Gentlemen:

I take pleasure in saying, after three years of experience in handling Nerv-Worth, that in number of sales and thoroughness of satisfaction given, Nerv-Worth holds the record in my store. The best proof of satisfaction is that customers come back for more Nerv-Worth after having once tested its merits. The original faith planted in them by statements signed by neighbors and friends, becomes knowledge and certainty after continued use and personal experience. We have recommended Nerv-Worth to a great many customers for nervousness, sleeplessness, indigestion, headache, bowel troubles and other ills of nervous origin and results have fully justified my advice to take the preparation.

Yours very truly,

H. F. BURKE.

Coming from such a high source and in so convincing a shape the foregoing adds marked weight to the Nerv-Worth claim. Burke's Drug Store sells Nerv-Worth in Fairmont. Your dollar back for this famous family tonic does not benefit you.
